1.5 Mode of Delivery Face-to-face or hybrid. Certain classes will be online (e.g., special arrangements).

1.6 Pre-requisite TSL700 LANGUAGE TEACHING METHODOLOGIES

1.7 General Study and Resource Requirements:

- Students are expected to attend classes with the required textbook and to read specific chapters prior to the tutorials. Students should read this material before coming to class to improve their ability to participate in the weekly activities.
- Students will require access to the internet and their KOI email and should have basic skills in word processing software such as MS Word, spreadsheet software such as MS Excel and visual presentation software such as MS PowerPoint.
- Computers and WIFI facilities are extensively available for student use throughout KOI. Students are encouraged to make use of the campus Library for reference materials.

Resource requirements specific to this subject: There are no specific resources for this subject.

1.8 Academic Advising:

Academic advising is available to students throughout teaching periods including the exam weeks. As well as requesting help during scheduled class times, students have the following options:

Consultation times: A list of consultation hours is provided on the homepage of Moodle where appointments can be booked.

Subject coordinator: Subject coordinators are available for contact via email. The email address of the subject coordinator is provided at the top of this subject outline.

Academic staff: Lecturers and Tutors provide their contact details in Moodle for the specific subject. In most cases, this will be via email. Some subjects may also provide a discussion forum where questions can be raised.

Head of Program: The Head of Program is available to all students in the program if they need advice about their studies and KOI procedures.

Vice President (Academic): The Vice President (Academic) will assist students to resolve complex issues (but may refer students to the relevant lecturers for detailed academic advice).

2. Academic Details

2.1 Overview of the Subject

Building on the theoretical content of TSL700 Language Teaching Methodologies, this subject provides students with the opportunity to develop their teaching skills in an authentic TESOL teaching environment. Students need to complete a placement at an approved ELICOS college during weeks 2-11 consisting of a minimum of 15 hours (9 hours of observations and 6 hours of teaching under the supervision of a qualified TESOL teacher/mentor, including 1.5 hours of assessed teaching). Students will be provided with their practicum timetable and weekly tasks in week 1.

To provide a clear link between the practical experience and the course outcome, weekly tutorials/workshops will give students the opportunity to discuss their practicum experience, prepare for teaching and further explore and apply effective classroom management strategies and teaching techniques. Students will need to complete the assigned observation tasks prior to attending the weekly tutorial/workshop. Finally, students will develop their reflective teaching practice and identify further areas for professional development.

The course learning outcomes have been designed in line with Australian professional standards for teachers (Australian Council of TESOL Association, 2020 <https://tesol.org.au/resources/#resources-0>) and KOI graduate attributes.

2.2 Graduate Attributes for Postgraduate Courses

Graduates of the *Graduate Certificate of TESOL*, the *Graduate Diploma of TESOL* and the *Master of Arts (TESOL)* courses from King's Own Institute will achieve the graduate attributes expected from successful completion of a Master's degree under the Australian Qualifications Framework (2nd edition, January 2013). Graduates at this level will be able to apply an advanced body of knowledge in a range of contexts for professional practice or scholarship and as a pathway for further learning.

King's Own Institute's generic graduate attributes for a master's level degree are summarised below:

	KOI Master's Degree Graduate Attributes	Detailed Description
	Knowledge	Current, comprehensive and coherent knowledge, including recent developments and applied research methods
	Critical Thinking	Critical thinking skills to identify and analyse current theories and developments and emerging trends in professional practice
	Communication	Communication and technical skills to analyse and theorise, contribute to professional practice or scholarship, and present ideas to a variety of audiences
	Research and Information Literacy	Cognitive and technical skills to access and evaluate information resources, justify research approaches and interpret theoretical propositions
	Creative Problem Solving Skills	Cognitive, technical and creative skills to investigate, analyse and synthesise complex information, concepts and theories, solve complex problems and apply established theories to situations in professional practice
	Ethical and Cultural Sensitivity	Appreciation and accountability for ethical principles, cultural sensitivity and social responsibility, both personally and professionally
	Leadership and Strategy	Initiative, leadership skills and ability to work professionally and collaboratively to achieve team objectives across a range of team roles Expertise in strategic thinking, developing and implementing business plans and decision making under uncertainty
	Professional Skills	High level personal autonomy, judgement, decision-making and accountability required to begin professional practice

Across the course, these skills are developed progressively at three levels:

- **Level 1 Foundation** – Students learn the skills, theories and techniques of the subject and apply them in stand-alone contexts
- **Level 2 Intermediate** – Students further develop skills, theories and techniques of the subject and apply them in more complex contexts, beginning to integrate the application with other subjects.
- **Level 3 Advanced** – Students have a demonstrated ability to plan, research and apply the skills, theories and techniques of the subject in complex situations, integrating the subject content with a range of other subject disciplines within the context of the course.

2.3 Subject Learning Outcomes

Listed below, are key knowledge and skills students are expected to attain by successfully completing this subject:

Subject Learning Outcomes	Contribution to Graduate Attributes
---------------------------	-------------------------------------

a) Plan, implement and evaluate effective English language teaching and learning activities, approaches and materials	
b) Create and maintain a culturally and linguistically inclusive and supportive learning environment	
c) Critically evaluate and apply a range of teaching strategies suitable for a particular group of learners	
d) Evaluate and critically reflect on and monitor own teaching through reflective practice and professional engagement	
e) Implement relevant organisation and administrative requirements and engage professionally with colleagues and supervisors to improve teaching practice.	

2.4 Subject Content and Structure

Note: Students will not be given lectures on Weekly topics included in the subject. Weekly tutorials/workshops will give students the opportunity to discuss and analyse their notes on the lesson they observed at the ELICOS centre, and prepare for their next practice teaching by participating in micro-teaching activities and receiving feedback from their lecturer and peers.

2.5 Teaching Methods/Strategies

Briefly described below are the teaching methods/strategies used in this subject:

- *Lectures* (2 hours/week) are conducted in seminar style and address the subject content, provide motivation and context and draw on the students' experience and preparatory reading.
- *Tutorials* (1 hours/week) include class discussion of case studies and research papers, practice sets and problem-solving and syndicate work on group projects. Tutorials often include group exercises and so contribute to the development of teamwork skills and cultural understanding. Tutorial participation is an essential component of the subject and contributes to the development of many of the graduate attributes (see section 2.2 above). Tutorial participation contributes towards the assessment in many subjects (see details in Section 3.1 for this subject). Supplementary tutorial material such as case studies, recommended readings, review questions etc. will be made available each week in Moodle.
- *Online* teaching resources include class materials, readings, model answers to assignments and exercises and discussion boards. All online materials for this subject as provided by KOI will be found in the Moodle page for this subject. Students should access Moodle regularly as material may be updated at any time during the trimester
- *Other contact* - academic staff may also contact students either via Moodle messaging, or via email to the email address provided to KOI on enrolment.

2.6 Student Assessment

Provided below is a schedule of formal assessment tasks and major examinations for the subject.

Assessment Type	When Assessed	Weighting	Learning Outcomes Assessed
-----------------	---------------	-----------	----------------------------

Assessment 1: Observation tasks	Part 1 Week 5 Part 2 Week 10	15% 15%	a, b & c & d
Assessment 2: Practicum Portfolio & Reflective Journal	Week 12	40% 30%	a, b, c, d & e
Assessment 3: Supervising Teacher's Report	Part 1 Week 6 Part 2 Week 11	0%- formative assessment Satisfactory/Not Satisfactory	a, b, c, d & e

Requirements to Pass the Subject:

Students must obtain passing marks in A1 & A 2 AND be assessed as Satisfactory in A3 to complete the subject successfully.
