WELCOME TO KOI

We are proud to welcome you to King's Own Institute in Sydney and Newcastle, Australia. King's Own Institute is a tertiary level institution that brings together the best in resources, equipment and people, enabling us to blend the traditions of higher education with today's modern practical and commercial global village.

King's Own Institute offers many advantages, personal, professional and commercial, and is quickly establishing a reputation for superior education. Just how famous King's Own Institute will become and how quickly depends on our graduates. We share your success.

King's Own Institute has assembled key people to assist your academic journey. They all have long and successful careers and distinguished records of achievement in universities, the military, diplomatic service, business and industry.

We confidently assure you of a sound and professional education, and a special, enjoyable learning experience.

We welcome you and look forward to helping you shape your career at King's Own Institute.

Dr Doug Hinchliffe

King's Own Institute CEO & Dean and President

THE KOI STORY

King's Own Institute (KOI) is a tertiary level institution located in central Sydney and Newcastle, Australia, offering high quality, accredited undergraduate and postgraduate courses in Accounting, Business, Management, Information Technology (IT), Information Systems (IS) and Teaching English to Speakers of Other Languages (TESOL).

King's Own Institute is named after a regiment of the British Army with which the CEO and Dean was associated as an exchange officer. KOI adopts a similar spirit and values with traditions and an established reputation for the recognised development of successful leaders.

Our initials, KOI, have a second meaning, as the word "koi" in some Asian languages is a wild carp. The koi is energetic and can swim upstream against the current. According to legend, if a koi succeeded in climbing the falls at a point called Dragon Gate on the Yellow River it would be transformed into a dragon fish.

This story reflects perseverance, adversity, and strength of purpose. The koi symbolises courage, resilience, and determination to achieve great goals. Similarly, KOI aspires to be a recognised leader in higher education, renowned for guiding students towards successful careers. We believe that the experience of higher education is as valuable as the qualification itself. At KOI, we are committed to ensuring every student enjoys a fruitful and memorable career-shaping journey.

Here at KOI, we strive to ensure each student has a fruitful, enjoyable, and memorable career-shaping experience.

KOI delivers the best possible education with a deep commitment to quality, excellence, and real opportunities to apply your knowledge and skills to enhance your career. You will have access to a team of superior teachers, facilities and resources to provide you with a rich educational experience and preparation for life – a true education. We are keen, willing and able to actively develop motivated people to be successful.

KOI has a team of proven, widely experienced practitioners with a proud and established record of achievement in education and business.

Funded by the Australian Government Department of Education, Skills and Employment, the Quality Indicators for Learning and Teaching (QILT) are a suite of Australian government endorsed surveys for higher education that cover the student life cycle from commencement to employment.

WHY KOI

Here at King's Own Institute, we want your career-shaping experience to be

FRUITFUL ENJOYABLE MEMORABLE

KOI is a tertiary level institution which offers high quality accredited degree courses. KOI aims to be recognised as a leading education provider famous for nurturing our students and preparing them for successful careers. We believe the higher education experience is as crucial as the qualification itself.

Smart Investments, Lower Tuition Fees

One of the standout features of KOI is its competitive tuition fees compared with many other institutions in Australia. This affordability is appealing to international students who are conscious of their budget yet want to receive a high-quality education without incurring excessive debt.

Flexibility within Hybrid Study

Hybrid study mode provides students with the flexibility to choose between attending classes in person and participating online. This flexibility is especially beneficial for international students who have difficulty attending classes in person.

Accredited Courses which Empower Excellence

KOI is accredited by relevant Australian education authorities, ensuring that the degrees awarded are recognised and respected globally. This accreditation provides international students with a sense of security about the quality of education they receive.

Convenience of Locations

KOI is located in the heart of Sydney and Newcastle, Australia. Both KOI locations, in Sydney and Newcastle, are dedicated to delivering high-quality education and fostering a global perspective in a supportive and culturally diverse environment.

English Language Support

For international students whose first language is not English, KOI often provides language support services, including free English language classes at the Learning Skills Centre (LSC). This support helps students improve their language skills and succeed academically.

Internship & Beyond: Your Launchpad to Success

Many international students choose KOI because of its strong connections with local industries and businesses. This can lead to internship and work opportunities during or after completing their studies, helping students gain valuable practical experience and secure employment.

WHY KOI

Empowering Students, Enriching Futures

KOI offers comprehensive support services to international students, including academic advice, English language support, career counselling, and assistance with general student support. These services ensure that international students feel well supported throughout their time at KOI.

Diverse Student Community

KOI prides itself on its diverse student community. International students find a welcoming and inclusive environment that fosters cultural exchange and learning. This diversity enhances the overall educational experience and helps students develop a global outlook.

Accessibility

Many courses include online components, enabling students to access certain materials and lectures with an internet connection. This flexibility can be helpful for students who may be balancing study with part-time work or other commitments.

KOI International Student Scholarship and Financial Aid

KOI often provides scholarships and financial aid opportunities for both domestic and international students. These scholarships can help alleviate financial burdens and make education more accessible to eligible students.

Guiding Excellence with Experienced Expertise

KOI is known for its dedicated and experienced faculty members. Most teachers have both academic qualifications and practical industry experience. Having teachers with industry experience, professional memberships and globally recognised qualifications from distinguished universities is advantageous for students.

Small Class Sizes

KOI maintains small class sizes, which is a significant advantage for international students. Smaller classes allow for more personalised attention from teachers that facilitate better understanding and interaction. Students can actively engage in discussions, ask questions, and build strong relationships with their teachers.

Student Life at KOI

KOI promotes a vibrant student life with various clubs, societies, and extracurricular activities. This helps international students not only excel academically, but also to form friendships and create lasting memories during their time in Sydney and Newcastle.

Graduates and Alumni Network

KOI has over 15,000 graduates working across Australia and throughout the world, providing alumni networking opportunities. Alumni can provide insights into opportunities in different regions, and offer guidance with international career opportunities.

AIBM COUNCIL

The directors are collectively accountable for AIBM's operations including the governance of higher education awards and compliance with the Higher Education Standards Framework.

ACADEMIC BOARD

The Council of Directors has established the Academic Board as the principal academic body of AIBM in which the Council delegates oversight of academic functions and policies. The Academic Board collectively provides academic leadership and oversight of AIBM's academic activities at an institutional level.

The main role of the Academic Board is to:

- maintain the highest standards in teaching, scholarship and research at KOI and to safeguard academic freedom and the welfare of its students
- guide the development of all academic activities of KOI through policies, guidelines and procedures for academic matters
- report and provide academic advice to the Council of Directors and the CEO and President

The Academic Board is led by a Chair who is a distinguished educator. Members of the Academic Board include distinguished external academic experts, senior executive staff.

- ▶ The scholarship is not transferable.
- ▶ Students must pay the required tuition fees by relevant due dates.
- ▶ The scholarship remains valid for students on an approved Leave of Absence for one trimester only.
- ▶ Scholarship applications will not be considered after the intake Census Date.
- ▶ Successful applicants must also agree to act as a student ambassador for the KOI Society and support promotional activities.

Terms and Conditions

Quotas may be applicable. Scholarships are only awarded to students who meet the Eligibility Criteria. This award will be applied to applicable courses only unless advised otherwise. KOI reserves the right to offer scholarships at its sole discretion. KOI reserves the right to withdraw a scholarship offer where the student has not yet accepted the offer or has not enrolled in the course by the date specified in the Offer Letter. If you do not meet the ongoing conditions to maintain the scholarship, the scholarship will be ended. KOI reserves the right to amend the terms and conditions of the KOI International Student Scholarship at any time.

Zendy Villanueva Dimaculangan
 Master of Business Administration
 Philippines

'Initially, I was enrolled in a different program, but I later decided to shift to Master of Business Administration (MBA) which is closely aligned with my Bachelor's Degree in Business Administration. When I began searching for a school, I wasn't just looking for affordability, I was also focused on the quality of education and student support. A friend recommended King's Own Institute (KOI), and I can confidently say that I have no regrets choosing KOI. It turned out to be the perfect fit for me. Thankfully, I was given scholarship throughout the course, which significantly helped me ease the financial burden, especially as an international student living in Australia.'

KOI INTERNSHIP PROGRAM

INDUSTRY PLACEMENTS

KOI and Australian Internships are working together to provide the **best internship placements** to all KOI high achieving students. Sumit Sarswat

Master of Professional Accounting
Nepal

'I came to King's Own Institute (KOI) as an international student, full of dreams, uncertain of the path ahead, but hopeful. What I found at KOI was far more than just education. I found a place that felt like home, even though I was thousands of miles away from my own. The warmth, support, and encouragement I received from my teachers made me feel like I truly belonged. I was humbled to be one of their favorites and for me, that wasn't just an honour, it was reassurance that I was on the right path. KOI believed in me before I even believed in myself. I was awarded an internship scholarship and given the opportunity to work with an Australian-based company as part of the KOI internship program. This experience helped me understand the Australian business environment, workplace culture, and team dynamics, all while still being a student. It was an incredible chance to grow both personally and professionally.'

Life in SYDNEY

A city abundant in beauty, diversity, innovation and countless opportunities, Sydney has something to offer for everyone.

- Ranked as one of the top safest cities in the world
- Ranked second most innovative city in Asia-Pacific
- Ranked in QS's ten best student cities in the world
- Located in NSW, Australia's largest state economy

Living costs and expenses

The Department of Home Affairs sets financial requirements you must meet in order to receive a student visa for Australia. As of May 2024, the recommended 12-month living cost for a single student is A\$29,710.

Source: homeaffairs.gov.au

Your costs of living in Sydney will depend on your lifestyle preferences. The following table is only a guide; costs may vary.

EXPENSES CATEGORY	ESTIMATED WEEKLY COSTS (AUD)
Accommodation (Shared)	\$250 - \$320
Food & Groceries	\$80 - \$120
Utilities & Internet	\$30 - \$50
Public Transport	\$25 - \$40
Entertainment & Misc	\$20 - \$50
Total Weekly Estimate	\$405 - \$580

Study at KOI Newcastle Campus

Ground Floor & Level 1, 59 Darby Street, Cooks Hill, NSW 2300

This modern, state-of-the-art campus is thoughtfully designed to provide a comfortable and engaging learning environment. With advanced facilities, dedicated student support, and a vibrant community, KOI Newcastle is the ideal place to start or continue your academic journey in Australia.

Why Students Love KOI Newcastle

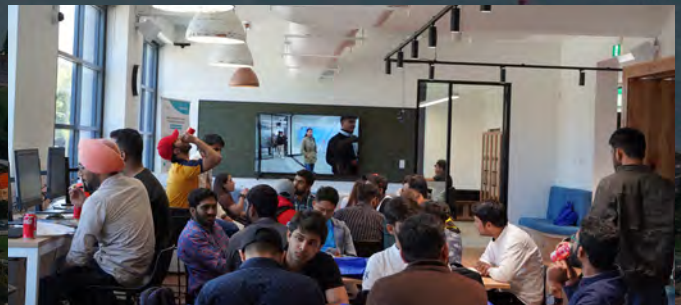

KOI is Newcastle's first private institute of higher education. The institute is located in purpose-built premises on Darby Street, Cooks Hill. This easily accessible location is in the heart of the Newcastle CBD and provides both domestic and international students with advanced learning facilities.

LIFE IN NEWCASTLE

Hybrid Hub Campus

Hybrid programs provide a blend of face-to-face and online learning, offering flexibility in terms of scheduling and location. You can attend in-person classes for certain sessions while accessing course materials and lectures online for others. This flexibility allows you to balance your studies with work, personal commitments or other obligations.

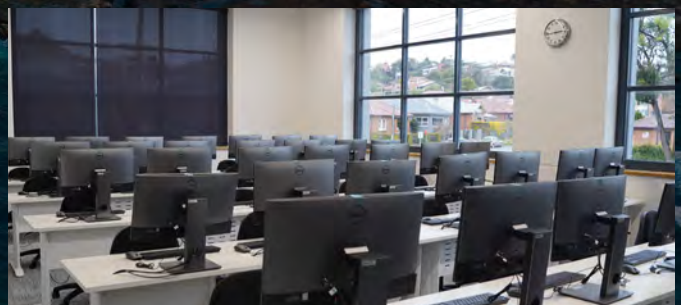

Student Gathering Spaces

KOI Newcastle's student lounge is more than just a place to enjoy a meal. It serves as a vibrant hub for students to connect, relax, socialise, and build friendships. You can either bring your own lunch or utilise our convenient vending machines stocked with snacks and beverages. In addition, the student lounge provides reheating facilities, while fridges are available for storing your meals for later consumption. The lounge is equipped with computer access, including printing and photocopying services.

Library

Explore KOI's extensive collection of both print and digital resources, designed to enhance your academic journey. KOI library offers access to top-tier research materials, ensuring you have the necessary tools to excel in your studies.

Cutting-Edge Computer Labs

Regardless of your location on campus, you will have access to cutting-edge technology and software essential for your coursework in our well-equipped computer labs.

...e your thoughts have brought you.
...row where your thoughts t... you.

Henrique Garcia D'agostino
Master of Information Technology
Brazil

'The lecturers were highly knowledgeable and consistently took learning beyond theory through practical assessments. This, combined with KOI's reasonable tuition fees for international students and modern facilities, made the experience even more valuable.'

Beyond academic growth, KOI gave me the opportunity to join the institution as a casual staff member, which later led to a full-time position. I'm genuinely grateful for the knowledge, support, and opportunities I received from both my classmates and the KOI staff throughout my journey.'

KOI

STUDENT SUPPORT SERVICES

Our friendly student support team members are available for face to face meetings, by email and by phone. Your queries may relate to your timetable, taking a trimester break, course progression, special consideration, MAP (Monitoring Academic Progress), LSC (Learning Skills Centre), counselling support, grades or letters to government departments.

Personal emergencies: in the event that you (or your family) have a personal emergency that will affect your studies, you need to let KOI know as soon as possible.

Please contact the Student Services Team in the first instance. The Student Services Team can be contacted through KOI Reception or email (studentserv@koi.edu.au).

COUNSELLING SERVICES

At KOI, there is a Counselling team made up of qualified counsellors who are trained to work with students on any issues of concern. Students are encouraged to access the free, confidential counselling services as early as possible before their studies are affected.

The counselling team provides support in the follow areas:

- Support and transition to Higher Education studies
- Motivational support
- Personal skills development
- Anxiety, stress and management
- Exam stress management and time management
- Lifestyle and study balance

Our services are available to all currently enrolled KOI students. Services include:

- Short term solution focused counselling
- Cognitive Behavioural Therapy (CBT)
- Mindfulness
- Short to medium term counselling

The counselling team can be contacted for bookings via the counselling email address, counselling@koi.edu.au or phone **+61 (2) 9283 3583** (ext:2400).

KOI EMERGENCY NUMBER (AFTER-HOURS CONTACT NUMBER)

KOI is available on emergency after hours contact numbers for matters that may be critical. Please use the after-hours emergency contact numbers **1800 313 153** or **1800 313 155**.

STUDENTS HELPING STUDENTS (SHS) PROGRAM

The Students Helping Students Program offers students a supportive and encouraging space to kick start their journey at KOI.

The program is open to all students and introduces international students to a more experienced student called a Peer Mentor who can help make the transition to KOI easier.

Peer Mentors are experienced and friendly international students who are available to answer questions about learning at KOI or living in Australia.

KOI Peer Mentoring will help you:

- set and achieve goals
- meet peers and build networks
- gain valuable insights about student life and learning at KOI
- empowering you to succeed academically and socially.

To register, please email SHS@koi.edu.au

Welcome to the future of learning at KOI – where tradition meets technology in our cutting-edge Hybrid Classrooms! In today's rapidly evolving educational landscape, we understand the importance of offering flexible and dynamic learning environments that cater to the diverse needs of our students. That's why KOI is thrilled to introduce our innovative Hybrid Classrooms, designed to seamlessly integrate face-to-face and remote learning experiences.

KOI Hybrid Classrooms are at the forefront of educational innovation, combining the best of both worlds. Whether you prefer to attend classes on-campus or participate remotely, KOI Hybrid Classrooms provide engaging and interactive platforms that ensure you have access to high quality education, regardless of your location.

KOI HYBRID CLASSROOMS

MODERN LEARNING FACILITIES

Interactive flat panel

BENQ RM8603 86-inch Master Series Education Interactive Flat Panel

Interactive flat panels provide immersive lessons that foster effective learning.

- Designed for hybrid and remote classrooms
- Germ-resistant screen and pen
- Boost student engagement with built-in tools
- Front USB Type-C for all-in-one connectivity

'It has been a fulfilling and enriching experience to attend King's Own Institute (KOI). Every subject was presented in an interesting and clear manner by the highly skilled lecturers, and the reasonable costs made high-quality education available. I was always made to feel welcome and at ease during my studies at KOI because of the helpful staff.'

On top of that, working with student leaders to plan academic and cultural events as a member of the KOI Student Society improved my leadership abilities and sense of belonging. I can honestly say that KOI has aided in my academic and personal development.'

KOI STUDENT SOCIETY

UNLOCKING POTENTIAL, INSPIRING SUCCESS

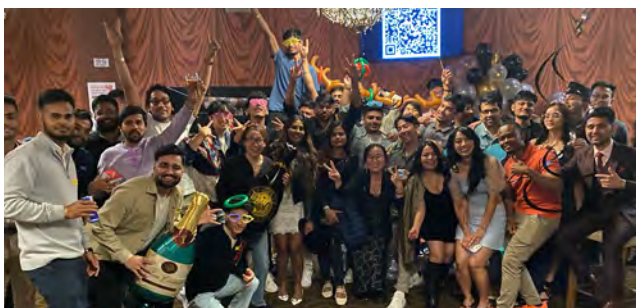

KOI Flea Market - Cultural Awareness Fair

The KOI Flea Market is a vibrant part of the Cultural Awareness Fair, celebrating diversity and unity through a fun and engaging marketplace. Students can explore a variety of cultural stalls featuring handmade crafts, tech items, accessories, and more. The event also includes free food and drinks, badge-making, interactive games, and a cosy resting area-creating a welcoming space for everyone to connect and celebrate together.

KOISS Orientation Week – Welcome to KOI!

KOISS Orientation Week is your chance to kickstart student life at KOI with fun, friends, and all the info you need to make the most of your studies. From games, trivia, and speed friendship activities to alumni stories and club introductions, it is a relaxed and friendly way to get involved. Plus, enjoy giveaways, lucky draws, and yes – free afternoon tea! Whether you are new or returning, this is the perfect way to connect, learn, and feel at home.

KOISS New Year Party – “Dress in Your Initials” Theme

Kick off 2025 with creativity, fun, and connection at the KOISS New Year Party! This themed celebration invites you to dress as something that starts with the first letter of your name-whether it is an Astronaut, Magician, or Superhero, the choice is yours. Enjoy a costume contest, fun activities, a buffet of delicious food and drinks, and a live DJ spinning your favourite tracks. It is the perfect way to start the year with community and celebration!

Trimester Break Trip – Snowy Mountains

This event offers a perfect chance to experience Australia's beautiful winter landscapes, from snowy trails to charming alpine villages. Exploring snow-covered trails, discovering charming alpine villages, and cozying up with hot chocolate by a roaring fire. Whether you are after thrilling outdoor fun or a relaxing winter escape, this trip is the perfect way to connect with new friends, create amazing memories and experience one of Australia's most beautiful winter destinations!

INTERNATIONAL APPLICANTS

ACADEMIC ENTRY REQUIREMENTS

Graduate Certificate of Information Technology	Australian Bachelor degree (3 years) (AQF Level 7) or overseas equivalent in any discipline with at least 55% average in their undergraduate degree.
Graduate Diploma of Information Technology	Australian Bachelor degree (3 years) (AQF Level 7) or overseas equivalent in any discipline with at least 55% average in their undergraduate degree OR a Graduate Certificate of Information Technology (AQF Level 8).
Master of Information Technology	Australian Bachelor degree (3 years) (AQF Level 7) or overseas equivalent in a cognate discipline with at least 55% average in their undergraduate degree OR a Graduate Certificate of Information Technology OR a Graduate Diploma of Information Technology (AQF Level 8).

Please be aware that all overseas qualifications must be deemed to be the equivalent of necessary Australian qualifications managed by the Department of Education's qualifications recognition policy which was formerly undertaken by the National Office for Overseas Skills Recognition (NOOSR).
For more details, please visit <https://www.education.gov.au/international-education>

ENGLISH ENTRY REQUIREMENTS

ENGLISH LANGUAGE PROFICIENCY TESTS	DIPLOMA & UNDERGRADUATE	POSTGRADUATE
IELTS * (Academic only)	Minimum overall score of 6.0 with no band less than 5.5	Minimum overall of score 6.5 with no band less than 6.0
TOEFL * (Internet Based Test) After 21st January 2026	Minimum overall score of 3.5 with no band less than: • Listening – 3 • Speaking – 3 • Reading – 3 • Writing – 4	Minimum overall score of 4 with no band less than: • Listening – 4 • Speaking – 3.5 • Reading – 4 • Writing – 4.5
PTE *	Minimum overall score of 50 with no band less than 42	Minimum overall score of 58 with no band less than 50
CAE *	Minimum overall score of 169 with no band less than 162	Minimum overall score of 176 with no band less than 169
HKCEE	Minimum C in Syllabus B	Minimum B in Syllabus B
HKALE	Minimum D use of English in AS-Level	Minimum C use of English in AS-Level
GCE Ordinary Level	C grade or better in GCE O-Level English	B grade or better in GCE O-Level English
GCE Advanced Level	D grade or better in GCE A-Level English	C grade or better in GCE A-Level English
NSW HSC (Undergraduate only)	Minimum 55% in English subject as a second language Minimum 50% in English subject or in English Literature	N/A
OTHER: Australian qualifications	Successful completion of Certificate IV or higher for a duration of 12 months or over (AQF Level 4 or Higher)	Successful completion of recognised bachelor's degree or higher (AQF Level 7 or Higher)

* Students need to meet one of the above criteria.
Age requirement: KOI does not enrol students under 18 years of age.

* Results for IELTS, TOEFL, PTE (Pearson Test of English), and CAE (Academic and Cambridge English: Advanced) are valid for two years.

[*] A NSW HSC ATAR or other secondary or tertiary qualifications will not meet the English entry requirements for KOI's TESOL programs. Please contact KOI's Marketing Department by email (marketing@koi.edu.au) for more information.

What to do when you do not meet minimum requirements

If you have checked your submission documents and find you do not meet the minimum requirements outlined above, contact KOI's admissions department by email (admissions@koi.edu.au) or by phone (+612 9283 3583) and we will gladly provide detailed advice on how you should proceed further. However, below you will find a general guide on the type of advice you will be given depending on which requirements you do not meet.

When you do not have the minimum English level

Please contact KOI's Admissions and Marketing departments via the email addresses provided above for guidance on meeting KOI's English entry requirements. Usually you will be advised to undertake an English Language Intensive Course for Overseas Students (ELICOS) and/or English for Academic Purposes (EAP) studies with one of our Direct Entry Partners. Please keep in mind that KOI does not arrange ELICOS or EAP studies on the behalf of students or agencies and thus these studies must be arranged independently.

When you do not meet minimum academic qualifications

Applicants frequently find that they do not meet the minimum academic qualifications required for KOI's postgraduate programs. Unfortunately, no alternative studies will satisfy these requirements, except for obtaining an Australian three-year Bachelor's degree, which would enable you to meet the entry criteria for postgraduate study.

In such instances, KOI Admissions or KOI Marketing will advise pursuing an undergraduate program at KOI initially. If you have completed relevant studies overseas, you may also be eligible for credit towards your undergraduate studies should you choose this pathway.

DOMESTIC APPLICANTS

ACADEMIC ENTRY REQUIREMENTS

DIPLOMA AND UNDERGRADUATE

Applicants with recent secondary education (within the past two years)

Australian Year 12 Students

KOI will admit students into the Diploma of Accounting and Diploma of Management who have a NSW Higher School Certificate or equivalent, showing satisfactory completion of Year 12 at a standard equivalent to an ATAR of 55.00 or above.

KOI will admit students into the Bachelor of Business (Management and Finance) who have a NSW Higher School Certificate or equivalent, showing satisfactory completion of Year 12 at a standard equivalent to an ATAR of 55.00 or above.

The minimum academic entry requirements for the Bachelor of Business (Accounting) are a NSW Higher School Certificate or equivalent, showing satisfactory completion of Year 12 at a standard equivalent to an ATAR of 60.00 or above.

KOI will admit students into the Bachelor of Information Technology who have a NSW Higher School Certificate or equivalent, showing satisfactory completion of Year 12 at a standard equivalent to an ATAR of 70.00 or above.

Applicants with Higher Education Study

Applicants who have successfully completed higher education studies within the past 10 years since leaving school may be eligible for admission to a KOI course with credit transfers. For further details regarding this process, please refer to the Credit Transfer Policy. <https://bit.ly/KOICreditTransferPolicy>

Applicants with Vocational Education and Training (VET) Study

Applicants who have successfully completed any VET studies within the past 10 years since leaving school may be eligible for admission to a KOI course with credit transfers. For more information on this process, please refer to the Credit Transfer Policy in the link above.

KOI has approved articulation agreements in place for certain VET courses which specify the number of credits you may be entitled to. For more information, please visit the link below <https://bit.ly/KOIVETArticulationPathwayAgreement>

POSTGRADUATE

KOI will admit students in Postgraduate Studies who have an Australian Bachelor degree (3 years) (AQF Level 7) or overseas equivalent (Satisfactory achievement in all subjects).

ENGLISH LANGUAGE PROFICIENCY

Successful completion of NSW Higher School Certificate or equivalent showing satisfactory completion of Year 12 at a standard equivalent to ATAR 55.00 or above. Students from non-native English-speaking countries require evidence of an IELTS score as shown below or any other English proficiency test.

ENGLISH LANGUAGE PROFICIENCY TEST	UNDERGRADUATE	POSTGRADUATE	TESOL
IELTS (Academic only)	Minimum overall score of 6.0 with no band less than 5.5	Minimum overall of score 6.5 with no band less than 6.0	Minimum overall score of 6.5 with no band less than 6.0

FEE-HELP

WHAT IS FEE- HELP?

- FEE-HELP is a loan scheme that helps eligible students enrolled in a fee paying place to pay their tuition fees.

Fee paying places are generally available for postgraduate courses at universities, and in both undergraduate and postgraduate courses offered by private providers.

- You do not have to use a FEE-HELP loan to pay your tuition fees. You can choose to pay all your tuition fees upfront, or you can pay some upfront and use a FEE-HELP loan for the rest, or use a FEE-HELP loan for all your tuition fees (up to your FEE-HELP limit).

To get a FEE-HELP loan, you must

- be an Australian citizen and study at least part of your course in Australia.
- be a New Zealand Special Category visa (SCV) holder or permanent humanitarian visa holder and meet the residency requirements. (Permanent residents can only get FEE-HELP for approved bridging studies.)
- be enrolled in a fee-paying place at a provider that offers FEE-HELP loans.
- be enrolled in an eligible course at your provider by the census date.
- submit the Request for FEE-HELP form to your provider by the census date.
- not have already borrowed up to your FEE-HELP limit. (\$126,839 in 2025)

If you are studying at a non-university, you will also need to meet the 'pass rate' requirements.

For more information, please visit:

studyassist.gov.au

koi.edu.au/fee-help

Thi Thanh Thuy Tran
Graduate Diploma of Business
Vietnam

'Choosing King's Own Institute (KOI) is one of the right decisions I have made in my journey to pursue higher education in Australia.'

I completed my Graduate Diploma of Business at KOI and am currently studying the Master of Information Systems here. I have been impressed by the quality of teaching and the modern, fully equipped classrooms and facilities. KOI offers a supportive and resourceful learning environment, with access to online learning materials, a well-stocked library, printing facilities, and a variety of student clubs and social activities. The teachers and staff at KOI are professional, helpful, and always approachable whenever I need help. Thanks to KOI, I have had a great learning experience and the opportunity to connect with many amazing friends so far.'

- Business Statistics

WHAT YOU CAN BECOME

- Entry level employment in Accounting and Financial Management.

I am Belinda Christina from Indonesia, and I hold a Bachelor of Business (Accounting). Previously, I lived in New Zealand, and with my sister residing in Australia, I frequently visited the country. When deciding on a school for further studies, I conducted extensive research and was immediately drawn to King's Own Institute (KOI). Its prime location in the heart of Sydney and the flexible course durations stood out to me. I completed my course in approximately two years, which fit perfectly with my personal and professional aspirations.

One of my most memorable experiences while studying at KOI was winning MasterChef Indonesia. Remarkably, I achieved this milestone during my studies. The institution's flexible hybrid learning options allowed me to balance my competition commitments with my academic responsibilities seamlessly. Additionally, the thoughtful and supportive attitude of the lecturers made this journey even more rewarding.

KOI stands out as an educational institution for several reasons. Its central city location provides a vibrant environment to explore and enjoy, and the flexible curriculum allows students to pursue multiple goals simultaneously. I am incredibly grateful for the opportunities KOI provided to help me succeed academically and personally.

I recommend KOI to prospective students. The flexible curriculum, attentive faculty, and affordable tuition fees make it an excellent choice for anyone seeking quality education in Sydney.

'The Best Investment has finally paid off. A defining moment for both my academic and personal life. Coming to Australia and studying Bachelor of Business (Accounting) at King's Own Institute (KOI) is the turning point of my life and my career. Growing up in the Philippines, pursuing a degree in Business Accounting carries significant value and opportunity to the society. And that remains true. What I appreciated most was the balance between theoretical knowledge and practical application. As King's Own Institute has trained us through Real-world case studies, hands-on projects, and opportunities to engage with industry professionals helped bridge the gap between classroom learning and the professional world.'

Srishti Acharya

Master of Professional Accounting
Nepal

'I graduated with a Master of Professional Accounting from King's Own Institute (KOI). I still vividly remember attending my first orientation class at KOI, and now, I am proud to celebrate my graduation at the same institution.'

Throughout my time at KOI, I created wonderful memories with my lecturers and friends. After classes, we often went for coffee and explored the city, taking full advantage of KOI's prime location in the heart of Sydney. Following my graduation, I had the opportunity to work as a casual staff member in the role of an enrolment officer, which further enriched my experience.

KOI stands out among colleges and universities for several reasons. Its affordable fee structure, convenient city-center location, and friendly, approachable lecturers make it an exceptional choice for students.

I highly recommend KOI to prospective students, especially international students who are eager to pursue their careers on a global platform. KOI provides the support, flexibility, and resources needed to succeed in today's competitive world.'

'I did the right choice of choosing King's Own Institute (KOI) to pursue my postgraduate studies in Sydney. Located in Sydney CBD, KOI is an excellent choice for its straight forward curriculum, quality education relevant to Australian job market, affordable tuition fees with reasonable payment plan, supportive lecturers and faculty members and opportunity to meet diverse students and do internship before graduation. Kudos also to the Student Society who provides interesting activities to ensure that we have the best time inside and outside KOI.'

'I completed Masters of Professional Accounting and received an Academic Excellence award, all thanks to KOI's support and conducive learning environment suitable for international students. Such a beautiful experience. I would highly recommend KOI for those planning to study in Australia.'

My professional journey began at King's Own Institute (KOI). During my Bachelor of Business (Management and Finance), I gained not only valuable knowledge but also the motivation and encouragement of passionate lecturers who believed in me. KOI's strong student support, including the internship fee subsidy, helped me secure an internship, and I am now working full-time as a Project Officer at a financial services company. Receiving the Academic Excellence Certificate further opened new career opportunities. KOI has been a meaningful part of my journey, and I believe it is a valuable place for any student looking to build a strong and well-supported future.

Sosaku Agarie
Master of Information Systems
Japan

'I am currently studying the Master of Information Systems at King's Own Institute (KOI). I first came to Australia on a working holiday visa, and during that time, I was thinking seriously about my future. I found out about KOI when I spoke with a study abroad agent, and I was immediately interested because the MIS program was open to students without an IT background. What I appreciate most about KOI is the opportunity to receive high-quality education at nearly half the tuition cost of public universities.

Another highlight is the internship program, which adds real value to the learning experience. I truly believe that choosing KOI was a turning point in my life, and I'm glad I made that decision.'

'With a background in both business and IT, it was very crucial for me to choose what institution could help me advance in my academic and career journey. Good thing King's Own Institute (KOI) is offering Masters of Information Systems, which is the course that aligns with my goals. The curriculum is well-structured, combining technical skills, business knowledge, and its real-world application. Hands down to the faculty as well, for being not only knowledgeable but also being so supportive and always committed to their students' success. Additionally, KOI is offering this program at an affordable cost with scholarships for high-performing students, which is really a smart move for international students. I would highly recommend this program to anyone looking to combine business insights with technical skills and take the next step in their careers.'

MASTER OF INFORMATION SYSTEMS SPECIALISATIONS

COURSE STRUCTURE

The program consists of 16 subjects completed over 4 trimesters (full-time study). It begins with foundational subjects in business management, information systems, programming, and database design. As students progress, they develop core skills in business analytics, business intelligence, systems analysis and design, user experience, and professional practice.

In the third and fourth trimesters, students can choose from two specialisations: **Business Analytics** and **Information Security** or select from a range of electives to deepen their knowledge in areas of interest.

BUSINESS ANALYTICS SPECIALISATION

- Data Analytics and Data Visualisation
- Intelligent Systems

IS Electives:

- Cyber Security Governance, Risk and Compliance
- Digital Forensics

INFORMATION SECURITY SPECIALISATION

- Cyber Security Governance, Risk and Compliance
- Digital Forensics

IS Electives:

- Data Analytics and Data Visualisation
- Intelligent Systems

BUSINESS ANALYTICS

INFORMATION SECURITY

COURSE LEARNING OUTCOMES

- Critical Thinking** : Synthesise and evaluate current information systems theories to develop complex systems that enhance organisational performance.
- Communication** : Effectively communicate solutions to stakeholders to drive digital transformation in businesses.
- Problem Solving** : Apply knowledge and recent developments in information systems to identify and solve problems.
- Professionalism** : Demonstrate autonomy, judgement, decision-making, and accountability in professional practice.
- Ethics** : Practice in a professionally responsible and ethical manner.
- Lifelong Learning** : Engage in continuous learning to enhance professional skills and knowledge in information systems.

- Introduction to Programming
- IT Elective

Trimester 2

- Systems Analysis and Design
- Data Communications and Networks
- Business Statistics
- IT/General Elective

WHAT YOU CAN BECOME

- Entry level employment in Information Technology/Information Systems

My name is Ryota Onuma, and I am from Japan. I graduated with a Bachelor of Information Technology from King's Own Institute (KOI).

One of the primary reasons I chose KOI was its affordable tuition fees. As an international student, managing finances can be challenging, but KOI made it possible for me to pursue my education without significant financial stress. A standout moment during my studies was working on the final project. I was as the group leader for a mobile app development project. From client communication to coding, I was involved in every step of the process. This hands-on experience significantly boosted my confidence and prepared me for real-world challenges.

What truly sets KOI apart are its small class sizes and interactive tutorials. These create an effective learning environment where we can immediately apply the knowledge gained in lectures.

I wholeheartedly recommend KOI, especially for international students. The lecturers are highly experienced and also teach at other reputable universities. Moreover, KOI's affordable tuition fees make it an excellent option for students seeking quality education without financial strain.

I am thrilled to share that I recently received an offer from KOI for an academic position. This opportunity reflects my dedication to maintaining strong academic performance, and it's rewarding to see how my efforts have opened doors to exciting career opportunities.

Sagar Kadariya

Master of Information Technology
Nepal

'I am pleased to announce the successful completion of my Master of Information Technology at King's Own Institute (KOI). The program provided a comprehensive and practical understanding of the IT field, supported by dedicated lecturers, a supportive management team, and a dynamic learning environment.'

'One of the most memorable parts of my journey at KOI was serving as a leader of the KOI Student Society. It is an incredible platform that encourages students to explore their hidden talents, engage in meaningful activities, and enjoy a vibrant student life. I often wish I had been part of such a community earlier in my academic journey.'

'After completing my studies, I was fortunate to be offered the opportunity to join KOI as a Course Advisor. This role has not only allowed me to stay connected with the academic environment but has also provided valuable real-world experience in student support, communication, and professional development.'

'I highly recommend KOI to students looking to advance their skills and build a successful career in the IT industry.'

TESOL

I completed my Master of Arts (TESOL) at King's Own Institute (KOI) and was impressed by the small class sizes. This approach facilitated learning by providing each student with more individual attention from the facilitator. The instructors demonstrated understanding, adaptability, and support throughout my entire course of study, particularly during challenging periods such as managing chronic health issues.

Additionally, I was gratified by the free mental health support offered to all students. The counsellors provided exceptional assistance. As a result of my dedication and the encouragement of my teachers, friends, and family, I was awarded Academic Excellence in Postgraduate Education by the institute. Furthermore, KOI provided me with the opportunity to present as a student speaker in front of a large audience, which significantly enhanced my public speaking abilities. The consistent recognition of my efforts by the institute boosted my confidence. Overall, my experience at KOI was highly positive.

Jennifer Flores Theodore

Master of Arts (TESOL)
Philippines

'Completing my Master of Arts(TESOL) at King's Own Institute (KOI) has been one of the highlights of my life. After being away from school for many years, I was genuinely amazed by the encouragement and support I received from the lecturers. They were highly knowledgeable in the TESOL field and truly committed to helping us succeed.'

One of the best parts of the program was the teaching placement. It gave me the chance to apply what I learned in real classroom settings, observe experienced teachers, and gain confidence in my teaching practice.

Another great aspect of studying at KOI is the wide range of support available to students. There are many helpful programs, services, and opportunities designed to help you grow, not just academically but also professionally.'

**Luisa A. Caputolan**

Master of Arts (TESOL)
Philippines

'Studying at King's Own Institute (KOI) has been an exceptionally rewarding experience. It has significantly enhanced the credibility of my teaching career here in Australia. When I made the decision to leave my home country to further my studies in the field of English language education, my primary goal was to find an institution that was both reputable and offered affordable tuition. KOI exceeded these expectations - not only by meeting these practical requirements but also by providing a welcoming and supportive environment that truly felt like a second home.'

Throughout my time at KOI, I found the academic staff to be approachable, understanding, and committed to student success, which made the learning experience both manageable and enjoyable. In addition, the institute offered a wide range of programs designed to help students feel welcomed, socially connected, and engaged in their academic development - programs that I found particularly beneficial.'

Mary Louise Baldo
Master of Business Administration
Philippines

'Pursuing an MBA at King's Own Institute (KOI) has been an incredible experience. KOI fosters a supportive community with a diverse student body and dedicated faculty members who have significantly enriched my educational journey. KOI offers a variety of extracurricular activities that provide a much-needed break from the stresses of studying. With numerous clubs to join and exciting events to attend, and most especially the friendships I've formed along the way make my time at KOI truly remarkable.'

Faysal Ahammed
Master of Business Administration
Bangladesh

'I am an international student from Bangladesh enrolled in MBA at King's Own Institute (KOI). KOI's flexible class schedules have been helpful for me to balance my studies with my ongoing lifestyle. The supportive teaching staff have made it easy to seek guidance and clarify complex topics.'

The multicultural environment at KOI is truly enriching. It allows me to engage with classmates from diverse backgrounds, broadening my perspectives and enhancing my learning experience.'

HOW TO APPLY

1 SUBMIT YOUR APPLICATION

- Submit all your documents through the KOI Applicant Portal - koi.edu.au/future-students/apply-online
- Or you can apply through one of KOI's authorised agents - koi.edu.au/partners/agents

2 LETTER OF OFFER

If your application satisfies English proficiency and academic entry requirements, you will receive a Letter of Offer.

The Letter of Offer will include the following information:

- the applicant's identification details
- details about the nominated course, non-award subject or cross-institutional study
- dates for orientation, course start and finish
- normal course duration
- indicative fees and charges, due dates for payment and the refund policy
- KOI Genuine Student (GS) Assessment Form
- specified course credit (refer to the KOI Credit Transfer Policy for more details)
- any other relevant details or conditions

3 ACCEPT YOUR OFFER

To accept your place at King's Own Institute (KOI), please do the following:

- (1) sign the "Acceptance of Offer" form
- (2) make a tuition fees payment as indicated in your Letter of Offer
- (3) provide any other required documents/information
- (4) submit the above documents to Admissions (admissions@koi.edu.au)

4 OBTAIN A STUDENT VISA

Upon receipt of your Acceptance of Offer form, required tuition fees and other required documentation, KOI will issue an electronic Confirmation of Enrolment (CoE).

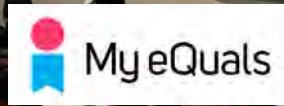

Utilise the CoE as a basis for your student visa application in accordance with the regulations outlined by the Australian Department of Home Affairs. www.homeaffairs.gov.au

Note: Step 4 applies to international students only.

29th KOI GRADUATION CEREMONY

AT INTERNATIONAL CONVENTION CENTRE SYDNEY (ICC SYDNEY)

Digital Credentials

Available at KOI

My eQuals is Australia's official tertiary credentials platform for universities, TAFEs and tertiary education providers. It makes it easy for Education Providers, Learners and Verifiers to view, share and verify certified tertiary credentials online.
