The KOI Story

King's Own Institute (KOI) is a tertiary level institution located in central Sydney and Newcastle, Australia, offering high quality, accredited undergraduate and postgraduate courses in Accounting, Business, Management, Information Technology (IT), Information Systems (IS) and Teaching English to Speakers of Other Languages (TESOL).

King's Own Institute is named after a regiment of the British Army with which the CEO and Dean was associated as an exchange officer. KOI adopts a similar spirit and values with traditions and an established reputation for the recognised development of successful leaders.

Our initials, KOI, have a second meaning, as the word "koi" in some Asian languages is a wild carp. The koi is energetic and can swim upstream against the current. According to legend, if a koi succeeded in climbing the falls at a point called Dragon Gate on the Yellow River it would be transformed into a dragon fish.

This story reflects perseverance, adversity and strength of purpose. The koi symbolises courage, resilience and determination to achieve great goals. Similarly, KOI aspires to be a recognised leader in higher education, renowned for guiding students towards successful careers. We believe that the experience of higher education is as valuable as the qualification itself. At KOI, we are committed to ensuring every student enjoys a fruitful and memorable career–shaping journey.

Here at KOI, we strive to ensure each student has a fruitful, enjoyable and memorable career–shaping experience.

KOI VISION

To achieve University College status and be recognised as a leading private higher education institution that delivers transformative education through excellence in learning, teaching, research and industry engagement across diverse student markets and delivery modes.

KOI MISSION

To be a leading education provider distinguished for nurturing our students and preparing them for global careers, empowering them for positive community impact and success as innovative industry professionals through flexible, industry–connected pathways.

KOI CORE VALUES

- Practical Education
- Student–Centred Service
- Collaboration
- Innovation
- Ethical Principles

WHY KOI?

Here at King's Own Institute, we want the career-shaping experience to be

FRUITFUL
ENJOYABLE
MEMORABLE

English Language Support

For international students whose first language is not English, KOI often provides language support services, including free English language classes at the Learning Skills Centre (LSC). This support helps students improve their language skills and succeed academically.

Empowering Students, Enriching Futures

KOI offers comprehensive support services to international students, including academic advice, English language support, career counselling and assistance with general student support. These services ensure that international students feel well supported throughout their time at KOI.

Guiding Excellence with Industry Expertise

KOI is known for its dedicated and experienced faculty members. Most teachers have both academic qualifications and practical industry experience. Having teachers with industry experience, professional memberships and globally recognised qualifications from distinguished universities is advantageous for students.

Flexibility within Hybrid Study

Hybrid study mode provides students with the flexibility to choose between attending classes in person and participating online. This flexibility is especially beneficial for international students who have difficulty attending classes in person.

Diverse Student Community

KOI prides itself on its diverse student community. International students find a welcoming and inclusive environment that fosters cultural exchange and learning. This diversity enhances the overall educational experience and helps students develop a global outlook.

Small Class Sizes

KOI maintains small class sizes, which is a significant advantage for international students. Smaller classes allow for more personalised attention from teachers that facilitate better understanding and interaction. Students can actively engage in discussions, ask questions and build strong relationships with their teachers.

Smart Investments, Lower Tuition Fees

One of the standout features of KOI is its competitive tuition fees compared with many other institutions in Australia. This affordability is appealing to international students who are conscious of their budget yet want to receive a high-quality education without incurring excessive debt.

Convenience of Locations

KOI is located in the heart of Sydney and Newcastle, Australia. Both KOI locations, in Sydney and Newcastle, are dedicated to delivering high-quality education and fostering a global perspective in a supportive and culturally diverse environment.

Accessibility

Many courses include online components, enabling students to access certain materials and lectures with an internet connection. This flexibility can be helpful for students who may be balancing study with part-time work or other commitments.

Student Life in KOI

KOI promotes a vibrant student life with various clubs, societies and extracurricular activities. This helps international students not only excel academically, but also to form friendships and create lasting memories during their time in Sydney and Newcastle.

Accredited Courses which Empower Excellence

KOI is accredited by relevant Australian education authorities, ensuring that the degrees awarded are recognised and respected globally. This accreditation provides international students with a sense of security about the quality of education they receive.

Internship & Beyond: Your Launchpad to Success

Many international students choose KOI because of its strong connections with local industries and businesses. This can lead to internship and work opportunities during or after completing their studies, helping students gain valuable practical experience and secure employment.

KOI International Student Scholarship and Financial aid

KOI often provides scholarships and financial aid opportunities for both domestic and international students. These scholarships can help alleviate financial burdens and make education more accessible to eligible students.

Graduates and Alumni Network

KOI has over 15,000 graduates working across Australia and throughout the world, providing alumni networking opportunities. Alumni can provide insights into opportunities in different regions and offer guidance with international career opportunities.

LIFE IN SYDNEY

A city abundant in beauty, diversity, innovation and countless opportunities, Sydney has something to offer for everyone.

- *Ranked as one of the top safest cities in the world*
- *Ranked second most innovative city in Asia-Pacific*
- *Ranked in QS's ten best student cities in the world*
- *Located in NSW, Australia's largest state economy*

Budget Lifestyle – Weekly Living Costs (2025 figures)

The Department of Home Affairs sets financial requirements you must meet in order to receive a student visa for Australia. As of May 2024, the recommended 12-month living cost for a single student is A$29,710.

Source: homeaffairs.gov.au

Your costs of living in Sydney will depend on your lifestyle preferences. The following table is only a guide; costs may vary.

EXPENSES CATEGORY	ESTIMATED WEEKLY COSTS (AUD)
Accommodation (Shared)	$250–$320
Food & Groceries	$80–$120
Utilities & Internet	$30–$50
Transport (Bus/Train)	$25–$40
Entertainment & Misc	$20–$50
Total Weekly Estimate	**$405–$580**
